About us

// Everyone is welcome to participate in our campus communities.
Students as well as **staff** are invited to our services and programs.
We're here to serve locals from Munich as well as those from other cities or countries.

// We are a Christian community at the university - with
openness, communion and **solidarity** as our core values.

// We offer: Individual **pastoral care and counseling**, various **spiritual programs** and **religious services**, music and cultural events, the chance to learn from other cultures and interfaith exchanges.
